

# Let's Talk About Your Goals

## 1. Still Have College? [Page 3]

If you still have College expenses to pay, start with the College Goal.

- Enter all College Goals regardless of when they occur before or during retirement.
- Enter as many College Goals as you need for kids, grandkids or even yourself, undergraduate or graduate.

## 2. What's Happening Before You Retire? [Page 3-7] *If retired, skip to number 3.*

If you plan to use money from your Investment Assets (i.e., savings and investment accounts) to pay for any purchases or activities before you retire, you should create a separate Goal for each one.

- Review the 14 Lifestyle Goals on the following pages and identify those that are important to you.
- DO create a Goal for expenses that will be paid (fully or partially) from Investment Assets (e.g., renovating the kitchen, or taking that BIG trip to Europe).
- DO NOT create Goals for any expenses that are paid entirely from your employment income (e.g., cars, annual vacations).

## 3. Retirement Lifestyle Goals - Begin with the fun stuff! [Page 3-7]

Add a Lifestyle Goal for each significant purchase or activity that will make your Retirement satisfying and enjoyable. Lifestyle Goals are above and beyond what you need to pay the basic expenses of day-to-day living.

- Review the 14 Lifestyle Goals again. Which ones are important to your Retirement satisfaction?
- Dream a little (or a lot). Create all the Goals you'd like, even if you're not sure you can afford them.
- Be sure to consider Cars, Travel and Gifts, which are usually important Goals during Retirement.

Creating more individual Lifestyle Goals can help you make better financial decisions, and increase the overall satisfaction you obtain from your money during the rest of your life. You may even discover that you can do more with your money than you ever expected.

## 4. Retirement Living Expense [Page 8]

When would you like to retire? How willing are you to delay retirement in order to reach your Goals?

Are you already retired? It's time to identify the amount for your basic living expenses during retirement. The budget worksheet [Page 13] can assist you in determining this amount.

# Goal Importance Scale

Rate the importance of each Goal on a scale of 10 - 1, with 10 being the most important. This groups your goals by Needs (what you must have), Wants (what you would like to have), and Wishes (what you wish to have).

# College

## College / Education

If you plan to pay for all or part of a college education (or some other education program) for yourself, a child, or grandchild, make sure you have a Goal for it.

# Retirement Age and Living Expense

## Retirement Age *If already retired, skip to Living Expense*

When would you like to retire? Enter your Target Retirement Age. Then, indicate how willing you are to delay retirement beyond that age, if it helps you fund your Goals.

	Client 1 (C1)	Client 2
Target Retirement Age	Age:	Age:
How willing are you to retire later (if necessary) to attain your Goals?	<input type="checkbox"/> Not at All <input type="checkbox"/> Slightly Willing <input type="checkbox"/> Somewhat Willing <input type="checkbox"/> Very Willing	<input type="checkbox"/> Not at All <input type="checkbox"/> Slightly Willing <input type="checkbox"/> Somewhat Willing <input type="checkbox"/> Very Willing
What order of Retirement do you prefer?	<input type="checkbox"/> Both retire in the same year. <input type="checkbox"/> Either can retire first.	<input type="checkbox"/> Only Client 1 can retire first. <input type="checkbox"/> Only Client 2 can retire first.

## Living Expense

Everyone must pay the bills. This Goal is for your basic day-to-day living expenses (e.g., food, clothes, utilities, etc.) during retirement. By making your Basic Living Expense a separate Goal, you can see exactly what it takes to pay the bills for the rest of your life. When you're confident that you have your basic expenses covered, you can sleep better at night and feel free to enjoy spending money to fulfill your other Retirement Lifestyle Goals.

Importance High Low 10 ↔ 1	Description	Target Annual Amount
10	Living Expense	\$_____ or <input type="checkbox"/> Use Program Estimate if not Retired

Be sure you don't "double count" any expenses during retirement. For example, if you entered a separate Goal for a car, don't include the purchase cost of this car in your Living Expense, but do include all operating expenses (e.g., gas, taxes, maintenance). If you're not sure how much money you need, use the Budget Worksheet on page 13.

## Adjustments to Living Expense

Your Retirement Living Expense amount may include some expenses that will end during retirement. When the expenses end, your Living Expense amount would be reduced. Please indicate any expenses that will end.

Description	Annual Amount (current dollars)	Year Expense Will End	Check if amount inflates
<i>e.g., Mortgage</i>	\$16,000	2021	<input type="checkbox"/>
